HOMEOWNER/RENTER TENANT PARTNERSHIP

Home-Sharing is a living arrangement of two or more unrelated people who share a home or apartment for their mutual benefit. Each person has their own bedroom and possibly bathroom, but shares common living areas.

Home-Sharing Benefits include:

- ~ ease of financial burdens*
- ~ providing companionship*
- ~ security for anyone afraid to be home alone*
- ~ independence for those who need basic assistance in order to stay in their home longer*

COTS is now accepting applications to help people identify, screen, and thrive with housing partners
